

## Passive Proximity Card to Activate Programming Mode on Easitag Access Control Systems

### EXPERIENCE

Entrotec has over 25 years of experience in the design and manufacture of vandal resistant door entry systems.

### WARRANTY

Entrotec systems are renowned for their reliability and have a 2 year warranty on all Entrotec manufactured products as standard.

### SUPPORT

Entrotec offer complimentary training courses and telephone support.

- Pre-printed PVC Card
- Blank Writing Panel for Block Name
- Programming Instructions Printed on Reverse of Card
- Easy Storage
- QR Code Directs to System Setup Guide
- Optional Pre-programming Service Available
- Replacement Cards Available

- Easitag Programming Card's (EPC's) are supplied with every system with Easitag.
- Previously, Easitag systems were supplied with red "master" keyfobs for programming. EPC replaces this.
- EPC's are unique to each system and allow access to all programming options.
- Simply presenting the EPC to the reader at the call panel activates programming mode.
- EPC's will be used to program Easitag Elite, Apex and Single Access Control Systems.
- The use of an EPC now releases all eTag keyfob colours for use with door releasing.
